- Integral Top Cable Entry Housing with Removable Face
- Offset Lacer Bars
- Provisions to Mount 16 Punch Down Blocks
- Mounted 1900 Electrical Box for AC Power
- Integral to One 4-Gang Electrical Box, Ideal for Mounting a 5130-9165 Master Clock I/O Module
- Provisions to Mount Up to Four 5120-9174 Six-Amp Power Supplies

#### OPTIONAL FEATURES:

- Optional 5100-9866 Rack Shelf to Mount Up to Four 5120-9175 Uninterruptable Power Supplies (UPS)

**Complete Wall Rack Assembly (Shown Closed with Typical Rack-Mounted Equipment Installed, Not Included)**

## DESCRIPTION:

The 5100-9865 Center Section module and the 5100-9867 Back Bay module combine to create a versatile modular mounting rack for 5100-Series equipment.

The Back Bay is designed for immediate installation at a customer site to allow the electrical contractor to install all system wiring prior to installing the system electronics.

The Center Section module is arranged to accommodate the installation of 5100-Series system equipment either off-site or at the customer premise.

Once assembled, the completed system is easy to maintain, upgrade, and service.

Refer to the *5100-9865, -9867 Rack Assembly – Installation Instructions* (Part No. 574-797) for installation and wiring details.

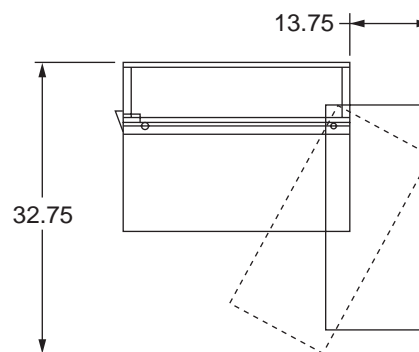

## SPECIFICATIONS:
